

# Presenting Waystone Compliance Solutions

Your secure route through the ever-changing regulatory world

Waystone Compliance Solutions offers a new and unique approach to compliance services at a corporate level. Formed by merging four specialist compliance companies – Titan Regulation, Argus Global, CCL Compliance and ISAS – we have the capabilities to help you manage regulatory risk right across your organisation.

We can provide key services from initial registration and licensing to compliance program integration. Our compliance solutions span business strategies, market activities, operational and technology infrastructure not to mention sales and marketing procedures. And we can do so anywhere in the world.

Our aim at Waystone is simple: to enable our clients to navigate the complex regulatory environment with confidence.

And to achieve this, we have adopted a singular approach.

“We have taken on board our clients’ frequent feedback regarding the difficulties of compartmentalised compliance services and can now provide them with a truly global integrated compliance solution that is unique in the industry”.

**Paul Cahill, COO of Waystone**

At Waystone, we have brought together the experience, the expertise and the global reach to give you the certainty you need to address the ever-changing regulatory world. And by doing so, provide you with a secure route on the road to success.
